SUMMARY

Enthusiastic and highly motivated Informatics Engineering student with a strong passion for Data Science, Data Analysis, and Web Development. I have the ability to think critically, remain optimistic, and embrace new challenges. With experience in campus organizations, I adapt well to dynamic environments and collaborate effectively with individuals from diverse backgrounds. I am an enthusiastic web developer, dedicated to transforming the digital world with every detail I build. I create websites that are not only visually captivating but also run seamlessly. My expertise ranges from responsive front-end interfaces to robust back-end systems, ensuring a flawless user experience from the landing page to the checkout process. Beyond web development, my passion extends to Data Science and Data Analysis. I have hands-on experience in building machine learning models and data visualization tools to solve real-world problems. I am keen to apply my analytical skills and technical knowledge to further explore data-driven decision making and AI solutions.

EXPERIENCE

Backend Developer

04/2024 - 07/2024

PT. DKWB (Dkenzie Wastu Baswara)🔗

Internship

- Redesigned PT. DKWB's website to support automated order processing and enable customers to check shipping rates before placing orders.
- Enhanced the admin dashboard to allow full control over driver management, including CRUD operations, driver data validation, and QR code-based downloads.
- Implemented a driver profile update system, allowing drivers to submit profile update requests for admin approvals.

Leader

09/2023 - 08/2024

Weboender Community

Led the community, coordinating all work programs and activities within the community, overseeing the planning, execution, and development of initiatives to promote web development skills including the public bootcamp.

Staff

09/2022 - 09/2023

Weboender Community

Played a key role in a public web development bootcamp, the community's signature program, helping participants build foundational skills in web development.

Division Staff

07/2022 - 11/2022

Intellectual Division HIMATIF "ENCODER"

Actively served as a staff member in the intellectual division, participating in the planning and execution of several key events, including orientation (ospek), contributing to the development and engagement of new students.

EDUCATION

Informatics Engineering Maulana Malik Ibrahim State Islamic University - Undergraduate	07/2021 - Present
Software Engineering SMK N 2 SURAKARTA - High School Diploma	07/2018 - 05/2021

CERTIFICATES

Data Science Methodology ↗ Cognitive Class	05/2024 - Present
Machine Learning with Python ↗ Cognitive Class	03/2024 - Present
Data Analysis with Python ↗ Cognitive Class	03/2024 - Present
Python 101 for Data Science ↗ Cognitive Class	02/2024 - Present
Memulai Pemrograman dengan Python ↗ Dicoding Indonesia	10/2024 - 10/2027
Belajar Dasar Visualisasi Data ↗ Dicoding Indonesia	12/2023 - 12/2026

SKILLS

Laravel	Basic	Python	Basic
Java	Basic	Javascript	Intermediate
Microsoft Office	Advanced	PHP	Advanced
Dart	Basic	CSS	Advanced
Teamwork	Advanced	HTML	Expert
Time Management	Advanced
